## Our School Vision and Mission

Developing confident and articulate children who will be the innovators of tomorrow.

The nurturing environment of our school provides the perfect place for young children to grow, learn and challenge themselves. We engage our pupils with an exciting and child focused curriculum, and because our children enjoy discovering new things they develop a positive attitude to learning and a curiosity about the world. We are a church school that ensures everyone has respect for others' beliefs, values and lives; and that our children are well prepared to be part of a vibrant and tolerant global community.
